ZEBRA SKIMMERS CORPORATION, ANNOUNCES ITS IMPROVED FILL-STATION™ DESIGN

Cleveland, OH—Zebra Skimmers Corporation, a full-line manufacturer of oil skimmers and coolant maintenance equipment, announces its improved Fill-Station™ design.

"We are pleased to offer this fluid-on-demand mixing and delivery system in both a standard configuration, as well as to include customized options for those who have more specific needs." commented Meg Grant, Sales & Service Manager.

Benefits of this improved product include:

- ✘ Proportioning pump mixes and delivers fluid to central tank or individual machine sumps
- ✘ Reduce concentrate waste and labor expenses
- ✘ Standard level switch in concentrate container prevents water-only delivery
- ✘ Optional level switch in machine sump(s) prevent dry operation and tank overflow
- ✘ PLC-controlled with light indicators standard, and optional audio alarms

Zebra Skimmers, the leader in coolant maintenance for over a decade, invents new technology to save its customers money on coolant while reducing waste, and sells and supports its equipment worldwide. Most products are guaranteed for at least a year, and some for life.
